STEP 5

Install the Control Panel

How to use handswitch

Button

●	“▲”	Adjust the desk upwards
●	“▼”	Adjust the desk downwards
●	“1”	Position 1, first height position saved by user
●	“2”	Position 2, second height position saved by user
●	“3”	Position 3, third height position saved by user
●	“M”	Memory button for height memory function
●	“A”	Alarm button for reminding of keeping same position for long time

Instruction

- Height Adjustable Function:
Press the “▲” or “▼” button to adjust the height. The LED display shows the current height.
- Height Memory Function:
a. Press UP or DOWN button and adjust the height to the desired height. Press “M” to save the height, and the screen will display “5-”; Press “1”, “2”, or “3” then, that is, save the height to the corresponding position 1 or 2 or 3, which will show in the display screen as “5-1”, “5-2”, or “5-3”;
b. Press “1”, “2” and “3” button directly to automatically adjust the memory height you saved.
- Reminder Function :
a. Press REMINDER button “A” to activate the function. The LED display shows “00” or “nn”
b. Two seconds later, press the “▲” or c “▼” button to adjust the reminder time only when the display screen flashes. The default time of the reminder is 45 minutes, which is shown as “:45”. Then press any button to save the time setup, or wait 5 seconds and system will save the time setup automatically. During the countdown, any operation will lead to a repeat starting of the timer. When the countdown finishes, display screen will show “:00” the buzzer will be active with a 10-second “DiDi...DiDi...DiDi...”tone.
c. Within the 10-second reminder buzz, press any button to reactivate the time countdown that is set up in (b) step. If no operation during the 10-second reminder buzz, there will be another reminder buzz after 5 minutes. No operation during the second buzz will turn off the Long-Time Sitting Reminder.
d. Press and hold the “A” button for three seconds to turn off the Long-Time Sitting Reminder. The LED display shows “0FF” or “5FF”.
- Anti-collision sensitivity adjustment - optional features:
a. Press and hold the “▲”“▼” button for 5 seconds at the same time to switch the sensitivity. Switch one file for 1 time and divide it into 4 files (A-3, A-2, A-1, A-0);
b. The display shows “A-0”, the anti-collision function is off, the display shows “A-1”, low sensitivity; Display shows “A-2”, medium sensitivity; display shows “A-3”, high sensitivity;
c. During height adjustment, when tabletop comes in contact with another object, it instantly stops and reverses to avoid damage.
d. Press and hold the “▲”“▼” button for 5 seconds at the same time. If the display does not display the above code, there is no anti-collision function.
- Troubleshooting:
a. Reset: When the LED shows “H5f” or “r5c” press “▼” button until the desk reaches its lowest height and rebounds to stop, it means the reset has been finished.
b. When it doesn't work and the LED shows cE01” or “E02”, please retry 18 minutes later.
c. If LED display shows other codes and the “▼” button doesn't work, please check the cable connection and then cut off the power for at least 10 seconds. Reconnect to the power and press “▼” button . Then the LED display will show “H5f” or “r5c”. Long press “▼” button to start the reset process.
d. If all these above process are inefficient, please contact our customer service.

STEP 6

Install the Cable Management Tray

Method 1

Attention

1. Power supply: AC100V~240V,50/60Hz
2. Service Environment: 0-40℃
3. Unplug the power plug before cleaning, wipe the dust on surface with slight wet dishcloth when cleaning, be careful not to let the drops into the internal parts, not loose the connector.
4. The electric box contains electronic components, metals, plastics, wires etc., so dispose of it in accordance with each country's environmental legislation, not the general household waste.
5. Check carefully to ensure correct and complete assembly before using.
6. Be familiar with all functions and program settings of the product before first use.
7. Children are forbidden to play on the product because of unforeseen action when playing, so any dangerous consequences caused by this improper action will not be on
8. Slight noise caused by the V-ribbed belt or brake system due to structure will not have any effect on the use of the equipment.
9. Corrosive or abrasive materials are forbidden to clean the equipment. Must ensure that the cleaner used will not pollute the environment.
10. This appliance can be used by children aged from 8 years and above and persons with reduced physical, sensory or mental capabilities or lack of experience and knowledge if they have been given supervision or instruction concerning use of the appliance in a safe way and understand the hazards involved. Children shall not play with the appliance.
11. Cleaning and user maintenance shall not be made by children without supervision.
12. If the supply cord is damaged, it must be replaced by the manufacturer, its service agent or a similarly qualified person in order to avoid a hazard.
13. Please make sure there is no hazard sources in your operating environment. e.g., do not litter the tools around. Always be careful to treat the packaging materials in order to avoid any possible danger, e.g. plastic bag may lead to choking hazard to children.
14. Keep the original package of the equipment if necessary in case of the future use in transportation.

This marking indicates that this product should not be disposed with other household wastes. To prevent possible harm to the environment or human health from uncontrolled waste disposal, recycle it responsibly to promote the sustainable reuse of material resources. To return your used device, please use the return and collection systems or contact the retailer where the product was purchased. They can take this product for environmental safe recycling.
